PerioPull™

Oral and Periodontal Health Formula with MCT Oil, GG, and CoQ10

ORAL HEALTH

PerioPull™ is uniquely designed to help support oral and periodontal health. It features medium-chain triglycerides (MCTs) from coconut oil, and it also contains geranylgeraniol (GG), bromelain, and coenzyme Q10 (CoQ10) to help support oral wellness.

Oil pulling is a traditional Ayurvedic practice that has been shown in recent research to help promote oral health. It is a practice that involves the swishing of 1 teaspoon (approximately 5 mL) of oil in the mouth for a minimum of 5 minutes or as directed by your health-care practitioner.

MCTs, CoQ10, and other ingredients in PerioPull™ have been shown to help support a healthy oral microbial balance and overall periodontal health. They may also help support cleanliness and long-lasting fresh breath.

In conjunction with a normal brushing and flossing routine, PerioPull™ may help support oral hygiene and periodontal health when used as recommended. This formula is free of BPAs, parabens, synthetic colors, gluten, sulfates, and synthetic sweeteners.

Benefits

- Promotes gum health
- Supports healthy teeth
- Promotes oral microbial balance

Recommended Use

After a normal brushing routine, swish 1 teaspoon (approximately 5 mL) of oil in mouth for a minimum of 5 minutes or as directed by your health-care practitioner. Spit out the oil. For maximum benefits, do not rinse to allow for longer contact of the ingredients to the teeth and gums.

Shake Well. Do not ingest. This product should be used in addition to a normal brushing and flossing routine.

Warning: If accidentally swallowed, upset stomach may occur.

Highlights

- Features MCT oil to promote periodontal health and oral microbial balance
- Includes bromelain to help support oral cleanliness and dental health
- CoQ10 is added to help support gum health
- Two pleasant-tasting flavor options: spearmint or lemon for long-lasting fresh breath
- Gluten-free, dairy-free, and soy-free
- Non-GMO
