Charcoal Plus Binder

Broad-spectrum Binder with Charcoal and Zeolite

LIVER/DETOXIFICATION*

GLUTEN FREE FORMULA
DAIRY FREE FORMULA
SOY FREE FORMULA
NON GMO INGREDIENTS

Exposure to toxins, such as heavy metals, pesticides, or certain molds, can cause potentially harmful changes to the body.* The functional ingredients in this formula are known as binders, which are molecules that exhibit adsorptive properties to help support the body's normal elimination of certain toxins.* Adsorption is a process that involves surface attachment to a binding molecule such as activated charcoal. (In contrast, the term, absorption, is where the particle is integrated into the molecule or solution.) Binding through adsorption may help support toxin elimination and normal detoxification.*

Charcoal Plus Binder provides a targeted amounts of activated charcoal from coconut shells to help promote normal detoxification.* It also features G-PUR® zeolite that is standardized to contain 70% clinoptilolite and organic chlorella (*Chlorella vulgaris*), and to help support toxin elimination and antioxidative status.*

Chlorella is a green algae containing a high amount of chlorophyll and other health-supportive phytonutrients to help promote cellular health in the presence of certain toxins.* Clinoptilolite zeolite is a porous mineral that has been shown in research to help bind certain heavy metals, mycotoxins, and other substances.* Clinoptilolite may also help support the integrity and function of the intestinal barrier.*

This targeted formula may help support normal detoxification, healthy liver function, antioxidative status, and immune and cellular health.*

Benefits*

- Broad-spectrum binding capacity with a synergistic blend of 3 research-backed ingredients
- Supports the body's normal clearance of microbes, environmental toxins, heavy metals, and certain metabolites*
- Supports healthy detoxification in the GI tract *
- Supports a healthy inflammatory response*
- May help support the normal function of organs involved in detoxification and elimination*

Highlights

- Provides a targeted serving of 400 mg of activated charcoal powder from coconut shells to support liver health and normal detoxification*
- Features 400 mg of zeolite as G-PUR® standardized to contain 70% clinoptilolite, a molecule shown in research to support clearance pathways and the body's elimination of heavy metals*
- Contains 250 mg of organic chlorella (*Chlorella vulgaris*), with broken cell walls to support bioavailability*
- Gluten-free, dairy-free, and soy-free
- Non-GMO

Recommended Use

Take 2 softgels per day or as recommended by your health-care practitioner.

It is recommended that Charcoal Plus Binder be taken 2 hours before or after any medications or other supplements.

Warning: Do not use this product if pregnant.
