

IFC

INFLAMMATION SUPPORT*

KEY BENEFITS

- Supports antioxidant protection*
- Promotes Nrf2 activity to aid detox*
- Aids healthy inflammatory balance*

PRODUCT DESCRIPTION

IFC helps defend the body and maintain healthy inflammatory balance in response to toxic environmental exposures, such as chemicals, free radicals, and pollutants.* This formulation also helps manage metabolic and oxidative stress.*

IFC's synergistic blend of 11 potent, plant-derived ingredients — including acai, blueberry, mulberry, and pomegranate — contains anti-inflammatory properties rich in phytochemicals to boost Nrf2 activity.* These plant compounds help protect DNA while also supporting immune health and mitochondrial function.*

LABEL INFORMATION

Directions: Take 2 capsules twice daily, or as otherwise directed by a healthcare practitioner. Can be taken with or without food.

CAUTION: Please consult your healthcare practitioner before use if you are pregnant, breastfeeding, or considering use for a child. Store in a cool, dry place.

KEEP OUT OF REACH OF CHILDREN.

WARNING: Consuming this product can expose you to chemicals including lead, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov/food.

***This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.**

Our proprietary BioActive Carbon® Technology assists the delivery and absorption of these anti-inflammatory ingredients by protecting them from being digested in stomach acid.* Combined with fulvic acid, this blend nurtures the microbiome and may aid in brain, gut, heart, and liver health.*

IFC is not included in the Foundational Protocol or the Comprehensive Protocol. However, It can be taken alongside the protocol at any time for system balance support.
