

Metabolic Activator

CELLULAR AND HORMONE SUPPORT*

KEY BENEFITS

- Provides comprehensive metabolic support*
- Supports hormonal function, including the thyroid*
- Upregulates production of cyclic AMP(cAMP)*

PRODUCT DESCRIPTION

Metabolic Activator is a comprehensive metabolic support liquid supplement.* This unique combination of key nutrients work together to provide powerful support for healthy metabolic, thyroid and mitochondrial function.*

Metabolic Activator combines iodine with Coleus forskohlii extract, selenium, potassium iodide, riboflavin, and molybdenum, which work synergistically to support thyroid and metabolic activity.*

CellCore Carbon Technology helps to aid absorption and protect and drive each nutrient to where it needs to go in the body, thanks to the soil-derived, highly bio-available fulvic acid blend.*

LABEL INFORMATION

Directions: Shake before use. Dilute 5 drops (approx. 0.25 mL) in about 8 oz. of water twice daily or as otherwise directed by a healthcare practitioner. Can be taken with or without food.

CAUTION: Please consult your healthcare practitioner before use if you are pregnant, breastfeeding, or considering use for a child. Store in a cool, dry place.

This one-of-a-kind formula supports hormonal function, including sex hormones, glucose metabolism and the conversion of thyroid hormones (T4 to T3).* Metabolic Activator can assist in upregulating production of cyclic AMP (cAMP), aid healthy antioxidant balance, and support healthy weight management.*

Metabolic Activator can be taken by anyone who will benefit from increased metabolic support.* It can be taken alongside all CellCore products, kits, and protocols. A convenient liquid format allows for customized dosing.

Disclaimer: Do not take this product if you are pregnant. If you're breastfeeding, consult a licensed healthcare practitioner before adding to your routine.
