

Mito-NR™

Advanced Cellular Energy* with Niagen®

FOUNDATIONAL HEALTH

Mito-NR™ is uniquely formulated to support cellular energy production, the body's natural cellular repair process, and healthy aging.* This formula contains clinically relevant amounts of Niagen®, a form of nicotinamide riboside (NR) chloride, coenzyme Q10 (CoQ10), and geranylgeraniol (GG). NR is a variation of vitamin B3 (niacin) and is a building block to nicotinamide adenine dinucleotide (NAD+). NAD+ is found in every living cell and is essential to many important cellular processes including energy production.*

NAD+ is required for the chemical reactions that create cellular energy in the mitochondria, which are the energy producers inside most cells. NAD+ also plays a role in more than 500 reactions in the body, including gene expression, stress response, and DNA repair.*

CoQ10, also known as ubiquinone because it is present everywhere in the human body, is especially important for generating energy within the mitochondria. CoQ10 is a has antioxidant properties and can help protect mitochondrial membranes from the effects of free radicals.* GG is a molecule that plays a pivotal role in protein synthesis, CoQ10 production, and cellular health.*

Mito-NR™ provides 300 mg of NR chloride as Niagen®, 200 mg of CoQ10, and 50 mg of GG as GG-Gold®. Together, these nutrients help support energy production, mitochondrial health, and healthy aging.*

Benefits*

- Promotes cellular energy production
- Supports the body's natural cellular repair process
- Helps support healthy aging
- Supports optimal mitochondrial function
- Promotes overall cellular health
- Helps promote healthy NAD+ metabolism*

Recommended Use

Take 2 capsules per day with a meal or as directed by your health-care practitioner.

Consult with your health-care practitioner about your specific circumstances and any questions you may have regarding this product.

Highlights

- Provides 300 mg of Niagen®, a form of nicotinamide riboside chloride for optimal cellular health*
- Includes synergistic compounds to support mitochondrial function and cellular health*
- 200 mg of coenzyme Q10 and 50 mg of trans-geranylgeraniol as GG-Gold® to support energy production and mitochondrial health*
- Gluten-free, dairy-free, and soy-free
- Non-GMO

NIAGEN® is a registered trademark of ChromaDex, Inc. Patent: See www.ChromaDexPatents.com

GG-Gold™ is a trademark of American River Nutrition, LLC and is protected by U.S. Patents 6,350,453; 7,989,006; and other patents pending.
