# OmegAvail™ Ultra DHA

*500 mg DHA*

OmegAvail™ Ultra DHA is an omega-3 fish oil product formulated to contain a highly concentrated amount of DHA (docosahexaenoic acid), along with EPA (eicosapentaenoic acid), in a 5-to-1 ratio. This formula also contains the digestive aid lipase to help assist in the absorption of these two omega-3 fatty acids.

DHA plays a vital role in proper brain development, cognitive function, visual acuity, eye development, and maintenance of healthy cells. It is the most significant fatty acid in the brain, comprising over 90% of the brain's

total omega-3 fatty acid content. DHA is necessary for growth and maturation of an infant's brain and may help promote healthy aging throughout the lifespan.\* The presence of DHA within cells also plays an essential role in supporting a normal inflammatory response.\*

## Benefits\*

- Supports brain health and cognitive function
- Helps support a healthy pregnancy and lactation
- Helps promote optimal fetal and infant brain development
- Supports strong and healthy cells
- Helps support a healthy inflammatory response
- Supports visual development and eye health

## Recommended Use

Take 1 softgel per day with a meal or as directed by your health-care practitioner.

**Warning:** Consult your health-care practitioner before use if you are taking blood thinner medication or are planning to have surgery.

## Highlights

- Delivers 500 mg of DHA and 100 mg of EPA per softgel to help maintain optimal DHA status\*
- Uses a superior form of fish oils (as Bioglycerides™), which is more bioavailable and bioidentical to the omega-3s found naturally in fish
- Ultra-pure and micro-distilled; free from pesticides, heavy metals, and other contaminants
- Includes lipase for enhanced digestibility
- DeltaGold® is added to help keep the fish oil fresh, shelf-stable, and safe for consumption
- Sustainable wild-caught anchovy, sardine, and mackerel fish from the warm waters of Peru and Chile
