

Senolytic Synergy™

Cellular Senescence Support*

HEALTHY AGING *

Senolytic Synergy™ is uniquely formulated to promote overall cellular health and support healthy aging.* This formula contains a synergistic blend of well-researched ingredients that help attenuate cellular aging by way of selectively supporting the clearance of senescent cells and promoting a healthy inflammatory response.* Each 2-capsule serving provides 100 mg of Senactiv® and 100 mg of fisetin, along with 200 mg of curcuminoid powder (as Curcumin C3 Complex®), 200 mg of quercetin, and 200 mg of red grape powder (as Vinia®) to support antioxidant status.*

Senolytics are small molecules that target and selectively induce apoptosis (cell death) and autophagy (consumption and removal) of SCs, which is how the body clears out damaged or unhealthy cells to regenerate newer, healthier ones. Plant compounds such as quercetin, fisetin, ginsenoside (from ginseng), resveratrol (from red grapes), and curcumin have been shown to have senolytic properties and helps to promote a healthy inflammatory response.* Research has demonstrated that SC clearance by these plant compounds may promote healthy aging.*

Benefits*

- Enhances overall cellular health
- Supports tissue regeneration
- Promotes healthy aging
- Supports clearance of senescent cells

Recommended Use

Take 2 capsules per day or as directed by your health-care practitioner.

Curcumin C3 Complex® and logo are registered trademarks of Sabinsa Corporation. Curcumin C3 Complex® is covered by the U.S. Patent No. 5,861,415.

Senactiv® is a registered trademark of Nuliv Science USA, Inc.

Vinia® is a registered trademark of BioHarvest, Ltd.

Highlights

- Senactiv®, a proprietary blend of standardized extracts from *Panax notoginseng* and *Rosa Canina L.* that promote SC clearance*
- Fisetin, a unique flavonoid that promotes SC elimination*
- Curcumin C3 Complex® featuring three highly bioactive forms of curcumin, standardized to contain 95% curcuminoids
- Vinia®, a patented red grape powder containing the whole matrix of red grape micronutrients and polyphenols, including resveratrol
- Gluten-free and soy-free
- Non-GMO
