

DHEA 25 mg (dehydroepiandrosterone)

Micronized; Supports healthy DHEA levels[‡]

INDICATIONS

- Ages 18 and up
- Immune function support[‡]
- Emotional well-being support[‡]
- Lean body mass[‡]
- Reproductive function support[‡]

BENEFITS

- A hormone that declines with aging and stress
- Supports healthy aging[‡]
- Maintains healthy hormone profiles with age[‡]
- Restores DHEA to more youthful levels in both men and women[‡]
- Supports healthy immune cell activity and immune system function[‡]
- Supports emotional well-being[‡]
- May promote a healthy ratio of lean muscle to fat mass[‡]

FEATURES

- Micronized DHEA for enhanced absorption
- Made with high-quality vegan ingredients backed by verifiable science

VERIFIABLE SCIENCE

DHEA, dehydroepiandrosterone, is the most abundant adrenal steroid hormone in the body. After it is made by the adrenal glands, it travels into cells throughout the body where it is converted into androgens and estrogens. These hormones regulate fat and mineral metabolism, endocrine and reproductive function, and energy levels.^{1,2,3} The amount of each hormone to which DHEA converts to depends on an individual's biochemistry, age and sex. DHEA levels peak around age 25 and then decline steadily. DHEA supplementation supports emotional well-being and immune function.^{4,5†}

SUGGESTED USE

As a dietary supplement, take 1 capsule daily, with a meal.

STORAGE

Store in a cool, dry place.

WARNING

NOT FOR USE BY INDIVIDUALS UNDER THE AGE OF 18 YEARS. DO NOT USE IF PREGNANT OR NURSING. Consult a

physician or licensed qualified healthcare professional before using this product if you have, or have a family history of, breast cancer, prostate cancer, prostate enlargement, heart disease, low "good" cholesterol (HDL), or if you are using any other dietary supplement, prescription drug, or over-the-counter drug. Do not exceed recommended serving. Exceeding recommended serving may cause serious adverse health effects. Possible side effects include acne, hair loss, hair growth on the face (in women), aggressiveness, irritability, and increased levels of estrogen. Discontinue use and call a physician or licensed qualified healthcare professional immediately if you experience rapid heartbeat, dizziness, blurred vision, or other similar symptoms. KEEP OUT OF REACH OF CHILDREN. To report any adverse event call 1-800-332-1088.

CAUTION ATHLETES: DHEA is classified as a prohibited substance by certain sports organizations, as well as the World Anti-Doping Association (WADA). Please consult the rules of your specific organization to determine if DHEA is prohibited.

SOURCE

- The compound diosgenin is extracted from wild yam and undergoes a proprietary synthetic process to develop DHEA. The human body cannot metabolize wild yam into DHEA. This process can only take place in a laboratory. Pure Encapsulations® DHEA is micronized to increase absorption. It is made with 99% pure, pharmaceutical grade DHEA
- Vitamin C (ascorbyl palmitate) is derived from corn dextrose fermentation and palm oil
- Hypoallergenic plant fiber is derived from pine cellulose

NOTES

Size 1 caps

Bottle count 60, 180

Order code DH26, DH21

Bottle size 190 cc
